INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Charlotte City Directory since 1932), present to subscribers and the general public, this, the 1963 edition of the Charlotte City Directory.

Confidence in the growth of Charlotte's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted for the Directory is a mirror truly reflecting Charlotte to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Charlotte Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Charlotte, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Charlotte, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes, the listing of telephone numbers and the indication of postal zones on streets served by the Charlotte Post Office. Postal zone numbers are incorporated in the body of the street description.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Charlotte.

The Charlotte Out-of-Town City Directory Library

Through the courtesy of the publishers of the Charlotte City Directory, a Directory Library is maintained in the offices of the Charlotte Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY,
Publishers.

HOW TO USE YOUR CITY DIRECTORY

The major departments in the Directory are arranged in the following order for ready reference:

1. INDEX TO ADVERTISERS
2. INTRODUCTION
3. BUYERS' GUIDE
4. CLASSIFIED
5. ALPHABETICAL SECTION
6. HOUSEHOLDERS' and STREET GUIDE

Particular attention is directed to four symbols as being important contributing factors in supplying complete information. They appear as follows: ALPHABETICAL SECTION, "h"—Householders, "r"—Resident, HOUSEHOLDERS' AND STREET GUIDE, "Δ"—Telephone Subscriber, "©"—Homeowner.

CHARLOTTE

"QUEEN CITY OF THE SOUTH"

(Courtesy Charlotte Chamber of Commerce, Inc.)

Location

Charlotte, chief city of the Carolinas, dominates a rich, undulating plateau between the Appalachian Mountains and the Atlantic coastal plain. The city is the geographic center of a young, rapidly expanding market. It is 624 miles southwest of New York; 266 miles northeast of Atlanta; 745 miles southeast of Chicago; 393 miles southwest of Washington; 160 miles from the Atlantic Ocean; and far south of knee-deep snow. Charlotte is accessible from every direction by every known conveyance except an ocean-going ship. It is 765 feet above the sea, in latitude 35 degrees 14 minutes n.; longitude 80 degrees 50 minutes w.

Climate

With an altitude of 765 feet, Charlotte is blessed with a pleasantly mild climate throughout the year. The average annual temperature is 60.2 degrees, with a seasonal variation of 36.5 degrees from 42.3 degrees in January to 78.8 degrees in July. Pleasant, mild temperatures are enjoyed for more than six months of the year—59.7 degrees in spring, 61.3 degrees in fall. Average winter temperature is 43 degrees; summer, 77 degrees. The frost-free season spans midyear from March to November, averaging 237 days. Other data: Annual rainfall average 43.09 inches. Morning humidity average 79%, noon 54%, and evening, 64%.

Charlotte's skyline shows the constantly changing face of the Queen City. In the past three years, three new buildings towered up—the Cutter Building and North Carolina National Bank, both in the center, and Wachovia Bank and Trust Building to the left.

Population

Charlotte, with an estimated population of 218,600 (Jan. 1, 1963), is by far the largest city in the two Carolinas, and Mecklenburg County, with a 1963 estimated population of 294,700, is the most populous county. Other significant census figures for Charlotte are: 1850, 1,065; 1900, 18,091; 1920, 46,338; 1940, 100,899; 1950, 134,042. The females have a slight majority of 51.8%. The white race accounts for 72% less. Less than 1% is foreign-born. The population of the retail trading area (7 5-mile radius) exceeds 2,500,000; the wholesale trading area (150-mile radius) has a booming 6,756,461 consumers.

Government

Charlotte is governed by a popularly-elected mayor and seven member city council. A city manager, appointed at the pleasure of the council, is the administrative head of the city government. The City Hall is a handsome three story building of neo-classic design which was erected in the early 1920's on a site six blocks from the center of the city. Public services include excellent schools, an expertly-manned police department, a modern fire department, extensive water and sewerage facilities, health and welfare departments and many others.

Mecklenburg County, of which Charlotte is the seat, is governed by a board of County commissioners. The chairman of this board is the chief administrative officer of the county Historic Mecklenburg, the wealthiest county in the state, has a fine school system and an efficient rural police force, and provides its citizens with superior public services. The Mecklenburg County Court House, situated adjacent to the City Hall, is an imposing building with stately columns of neo-classic design. Like the City Hall, it has become one of Charlotte's show places.

Taxes

The City and County in 1961 assessed ad valorem taxes on all real and tangible property at the following rates per $100 valuation: City, $1.50; County, $1.61. In actual practice property valuations are well below true values. Only minor occupational licenses are required by the City. North Carolina income tax is assessed at a rate of 3% for the first $2,000 net income; 4% on the next $2,000; 5% on the next $2,000; 6% on the next $4,000; and 7% on all over $10,000. Corporations are taxed 6% on their taxable net incomes. Liberal exemptions are allowed for both individuals and corporations.

Commerce

With almost 2½ million people living within easy motoring distance of Charlotte, the City has become one of the 25 greatest markets in the nation. The retail sales volume now exceeds $349,982,000 annually. Over 1,959 retail establishments offer consumers almost every conceivable product. Downtown streets are lined with modern well-appointed stores which through attractive merchandising, draw people from all sections of the Piedmont. The city's per-family buying power is tops for the Carolinas.

Charlotte, strategically located in the center of the Southeast, is rapidly becoming Dixie's leading distributor. Hundreds of trucks, operated by 102 different truck lines and four railroads moving an average of 207 carloads a day, shuttle goods in and out of this vast Dixie warehouse. According to recent estimates, wholesale sales in Charlotte came to over $1,800,000,000. This volume of wholesale distribution outstrips such larger cities as Birmingham, Richmond, Nashville and Jacksonville.

Wholesale distribution from Charlotte has grown so tremendously in recent years because the city is well situated to serve the growing Southern market and has superior transportation facilities. More than 500 national companies have established offices or warehouses in the city.

Charlotte is far and away the financial giant of the Carolinas. The city's eight large commercial banks cleared more than $10,021,043,965 in checks during 1962. One of Charlotte's many investment banking concerns is ranked as the ninth largest in the country, which is a reflection of the financial activity of the city. Charlotte also has a branch of the Federal Reserve Bank.

Industry

Charlotte is the geographical center of the vast Southern textile industry which has its heaviest concentration in the Piedmont Carolinas, where two-thirds of all the looms and spindles in the South are located. Although there are 55 textile mills in the immediate vicinity, Charlotte, unlike many Southern cities, is not completely dependent upon textiles. Machinery, chemicals, food products, furniture, clothing, printing, building materials and missiles, all are major products of Charlotte's balanced economy.

Charlotte's 480 manufacturers employ more than 37,000 persons, many of whom have developed great skill in the technological processes of modern industry. In addition, there is a sizeable reserve of manpower on the many farms of the surrounding area available to supplement the present labor force. Charlotte industry always has enjoyed excellent labor-management relations and has never had a major work stoppage.

Charlotte offers manufacturers many advantages which have contributed to the rapid expansion of industry in this area. Some of the advantages are: (1) Reserve of readily trainable labor. (2) Superior rail and trucking facilities. (3) Excellent communication facilities. (4) Extensive power and water supplies. (5) Excellent plant sites and buildings. (6) Pleasant, mild climate. (7) A friendly, progressive community. (8) Central location in the Southeast.

Utilities

Charlotte is headquarters for the Duke Power Co., which supplies electrical power throughout the Piedmont Carolinas. The vast Duke Power system has 32 hydro-electric plants and 9 steam plants. Total rated installed capacity is 3,602,000 kilowatts. Duke Power's forward-looking policies, requiring an investment of more than $30,000,000 each year, have played a vital part in the industrialization of the Piedmont.

Natural gas from Texas and Louisiana gas fields is distributed in Charlotte and the Carolinas by the Piedmont Natural Gas Co., with headquarters in Charlotte.

The City of Charlotte has invested an estimated $20,000,000 in its water facilities. The present rated capacity of the system is 37,000,000 gallons per day. The city was the first in the Southeast to introduce fluorine into its water as a means of reducing tooth decay. The fluorination program, which was begun April 1, 1949 will be particularly beneficial to future generations of Charlotte citizens.

Transportation

Charlotte is the transportation center of the Carolinas. Four railroads operate 18 passenger trains and freight car loading for 1961 was 75,089; five air lines operate over 100 scheduled flights a day from Charlotte's modern, Douglas Airport; seven bus companies schedule over 160 regular departures each day; and 102 truck lines haul thousands of tons of goods to points throughout the South and East. Railroads with lines into Charlotte are: Southern, Piedmont & Northern, Seaboard, and Norfolk-Southern. Airlines are: Eastern, United, Delta, Piedmont and Southern. Bus Companies are: Atlantic Greyhound Lines, Inc.; Greyhound Lines; Carolina Coach Co.; Queen City Coach Co.; Carolina Scenic Stages; Queen City Trailways and Carolina Transit Lines.

Charlotte's modern downtown area shows the spirit of the Spearhead of the New South as gleaming new buildings reach toward the sky. The city now has a population of more than 218,600, and is distribution service and industrial center of the Carolinas.

Communications

The Southern Bell Telephone Co. has 138,306 telephones in Charlotte. The company has calculated that the city population alone will exceed 260,000 by 1970, and is rapidly expanding facilities on this assumption. Southern Bell's state headquarters are located in Charlotte.

Education

Charlotte is the county seat of Mecklenburg County. The city and county are in their first year of operating a consolidated school system. Total enrollment of the Charlotte-Mecklenburg County school system is 63,072. The system embraces a total of 101 schools in all. The breakdown reveals there are 75 elementary schools, 13 junior high schools, 3 junior-senior high schools, 7 senior high schools, and 3 schools that combine all grade levels. The present school system is undergoing an expansion program. Charlotte's nine parochial schools have a combined enrollment of over 2,118. Colleges located in and near Charlotte are: Queens College, Charlotte College, Johnson C Smith University, Negro-co-educational, Mecklenburg College (Negro), Davidson College (in Davidson, N. C., 20 miles north), Belmont Abbey College (in Belmont, N. C., 12 miles west of Charlotte). In addition to these, Charlotte has many fine business schools. Among these are Burton Institute, Kings Business College, Carolina Business School, National School of Heavy Equipment and International Accountants Society, Inc.

Medical Facilities

Charlotte has four excellent general hospitals with a combined total of 1,500 beds, and several hospitals with 325 beds. The city has over 312 doctors, of which 247 are specialists. Because of these facilities and the availability of such a large number of specialists, Charlotte has become a medical center of considerable importance. The general hospitals are Charlotte Memorial, Presbyterian, Mercy (Catholic) and Good Samaritan (Negro). Expansion of facilities at Memorial Hospital include a new wing and a new nurses' quarters building. Presbyterian Hospital has added two new wings at a cost of approximately one and one-half million dollars.

Newspapers and Radio Stations

Charlotte has two widely-circulated, daily newspapers. These are the Charlotte Observer (published mornings, circulation 158,391, Sunday 175,598) and the Charlotte News (published evenings except Sunday, circulation in excess of 64,075). There are nine radio stations broadcasting programs of all major networks. These stations are: WBT (AM-FM, CBS); WSOC (AM-FM, NBC); WAYS (AM-FM, ABC); WGIV (AM, Independent), WIST (AM, Mutual and Dixie FM); WMIT (FM) WWOK (Independent), WKTC (Independent) and WYFM.

Television

Charlotte has two television stations, WBTV (CBS, ABC), the Carolinas' first television station, began operations in July, 1949 and added facilities for color telecasting in August, 1954, WSOC-TV (NBC, ABC) began operations in April, 1957.

Recreation

Charlotte's broad community program includes nearly every conceivable sport and form of recreation. There are 52 parks and playgrounds, 21 motion picture theatres, 11 golf courses (5 public), private swimming pools, Municipal Pool, the Little Theatre, a modern sports arena, and four modern community centers. Professional baseball and ice hockey and college and high school football are enjoyed by Charlotte citizens. A $4,698,000 Auditorium-Coliseum is the scene of operas, concerts, Broadway plays, sports events, and all types of shows. Charlotte's Park Center is the site of civic events, sports events and shows.

Travelers Accommodations

Charlotte has five principal hotels with 1,258 rooms and a number of smaller hotels. In addition, there are 33 first-class motor courts and tourist homes convenient to the motoring public with 1,537 rooms. The largest hotels are: Hotel Barringer, Hotel Charlotte, Selwyn Hotel, and Mecklenburg Hotel.

Charlotte History

When the first settlers—Scotch-Irish, English, Germans, Hugenots—penetrated into the southern Piedmont section of North Carolina they found deer and bear, wolves and Catawba Indians in awesome numbers. But, undismayed, the settlers went about the job of making homes for themselves.

Tiny Charlotte, only 360 acres of Mecklenburg County soil, was incorporated in November, 1768. Six years later the settlement became the county seat and organized a regular town government. Although Charlottetown could boast only a handful of settlers, its spirited defiance of the British was known from St. Augustine to Plymouth Rock. On May 20, 1775, Charlotte patriots signed the Mecklenburg Declaration of Independence, a document which, though not generally acted upon until a year later, laid the foundations of the American Declaration of Independence on July 4, 1776.

CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

"A man who assumes a public trust," said Thomas Jefferson, "should consider himself public property." This is the spirit in which the radio and television stations of the Jefferson Standard Broadcasting Company accept their responsibility to the public. For years, WBTV has opened the Charlotte United Community Appeal drive with a star-studded telecast in prime evening time. WBT Radio originates and supplies to fourteen major U. S. radio stations an alert refutation of Radio Moscow propaganda. WBTW created and telecast an illuminating program on the medical use of hypnosis. Such programming responsibility is standard with the Jefferson Standard stations. One reason why each is the audience leader in its area. One reason why . . . . . .

Jefferson Standard stands out in responsible circles

MEMO TO BUILDERS — professional and amateur:

"Brick Distributors," 5330 N.E. Independence Boulevard, bring a new, exclusive and unique service to you. You may order the type, color, size and quantity of brick you — or your client desire — we will store your brick at our storage yard. Delivery will be made from our yard to your site within several hours, in the quantity you require.

You may select the brick you desire from our large inventory, utilize our storage facilities, receive delivery, as your job progresses, in the quantity you require — the same day you request delivery.

CAUTION . . . .

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

OUT OF SIGHT! OUT OF MIND! OUT OF BUSINESS! . . . . .

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

CASHIERS! TELLERS! CLERKS!

★

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."
